

will be added to the list in paragraph (c) of this section or the designation will be terminated by the Administrator or an inspector. The owner or person in possession of, or, in the case of publicly owned land, the person responsible for the management of, an area for which designation is terminated will be given written notice of the termination as soon as practicable.

(c) The following areas are designated as quarantined areas: The States of Alabama, Florida, Georgia, Louisiana, Mississippi, and South Carolina.

[74 FR 27073, June 8, 2009, as amended at 75 FR 41074, July 15, 2010]

§ 301.55-4 Conditions governing the interstate movement of regulated articles from quarantined areas.

Any regulated article may be moved interstate from a quarantined area,³ only if moved under the following conditions:

(a) With a certificate or limited permit issued and attached in accordance with §§ 301.555 and 301.55-8;

(b) Without a certificate or limited permit if:

(1) The regulated article originated outside the quarantined area and is either moved in an enclosed vehicle or is completely enclosed by a covering (such as canvas, plastic, or closely woven cloth) adequate to prevent access by South American cactus moths while moving through the quarantined area; and

(2) The point of origin of the regulated article is indicated on the waybill, and the enclosed vehicle or the enclosure that contains the regulated article is not opened, unpacked, or unloaded in the quarantined area; and

(3) The regulated article is moved through the quarantined area without stopping except for refueling or for traffic conditions, such as traffic lights or stop signs.

(c) Without a certificate or limited permit if the regulated articles are cactus pads and fruits for consumption from outside the quarantined area that are being moved in accordance with the

protocols described in a compliance agreement (see § 301.55-6(a)) to a commercial food warehouse or distribution center within the quarantined area and the regulated articles remain enclosed by a covering (such as canvas, plastic, or closely woven cloth) adequate to prevent access by South American cactus moths while within the quarantined area; and

(d) Without a certificate or limited permit if the regulated article is moved:

(1) By the United States Department of Agriculture for experimental or scientific purposes;

(2) Pursuant to a departmental permit issued by the Administrator for the regulated article;

(3) Under conditions specified on the departmental permit and found by the Administrator to be adequate to prevent the spread of the South American cactus moth; and

(4) With a tag or label bearing the number of the departmental permit issued for the regulated article attached to the outside of the container of the regulated article or attached to the regulated article itself if not in a container.

§ 301.55-5 Issuance and cancellation of certificates and limited permits.

(a) An inspector⁴ may issue a certificate for the interstate movement of a regulated article if the inspector determines that:

(1) The regulated article to be moved and all other regulated articles on the premises have been grown and maintained indoors in a shadehouse or greenhouse and no other cactus moth host material exists on the premises outside of a shadehouse or greenhouse;

(2) The regulated article to be moved and all other regulated articles on the premises are maintained on benches that are kept separate from benches containing non-host material;

(3) The regulated article to be moved and all other regulated articles on the premises have been placed on a 21-day insecticide spray cycle and have been sprayed with *Bacillus thuringiensis*

³Requirements under all other applicable Federal domestic plant quarantines and regulations must also be met.

⁴Services of an inspector may be requested by contacting local offices of Plant Protection and Quarantine, which are listed in telephone directories.

subsp. *kurstaki*, carbaryl, spinosad, or imidaploprid if maintained in the nursery for longer than 21 days;

(4) The regulated article to be moved has been sprayed with *Bacillus thuringiensis* subsp. *kurstaki*, carbaryl, spinosad, or imidaploprid 3 to 5 days prior to shipment and inspected and found free of cactus moth egg sticks and larval damage; and

(5) If the regulated article was moved into the premises from another premises in a quarantined area listed in § 301.55-3, it was immediately placed inside the shadehouse or greenhouse and sprayed with *Bacillus thuringiensis* subsp. *kurstaki*, carbaryl, spinosad, or imidaploprid within 24 hours.

(b) An inspector will issue a limited permit for the interstate movement of a regulated article if the inspector determines that:

(1) The regulated article is to be moved interstate to a specified destination for specified handling, processing, or utilization (the destination and other conditions to be listed in the limited permit), and this interstate movement will not result in the spread of the South American cactus moth because life stages of the South American cactus moth will be destroyed by the specified handling, processing, or utilization;

(2) It is to be moved in compliance with any additional conditions that the Administrator may impose under section 414 of the Plant Protection Act (7 U.S.C. 7714) in order to prevent the spread of the South American cactus moth; and

(3) It is eligible for unrestricted movement under all other Federal domestic plant quarantines and regulations applicable to the regulated article.

(c) Certificates and limited permits for the interstate movement of regulated articles may be issued by an inspector or person operating under a compliance agreement. A person operating under a compliance agreement may issue a certificate or limited permit for interstate movement of a regulated article after an inspector has determined that the regulated article is eligible for a certificate or limited permit in accordance with paragraphs (a) or (b) of this section.

(d) Any certificate or limited permit that has been issued may be canceled, either orally or in writing, by an inspector whenever the inspector determines that the holder of the limited permit has not complied with this subpart or any conditions imposed under this subpart. If the cancellation is oral, the cancellation will become effective immediately, and the cancellation and the reasons for the cancellation will be confirmed in writing as soon as circumstances permit. Any person whose certificate or limited permit has been canceled may appeal the decision in writing to the Administrator within 10 days after receiving the written cancellation notice. The appeal must state all of the facts and reasons that the person wants the Administrator to consider in deciding the appeal. A hearing may be held to resolve a conflict as to any material fact. Rules of practice for the hearing will be adopted by the Administrator. As soon as practicable, the Administrator will grant or deny the appeal, in writing, stating the reasons for the decision.

(Approved by the Office of Management and Budget under control number 0579-0337)

§ 301.55-6 Compliance agreements and cancellation.

(a) Any person engaged in growing, handling, or moving regulated articles may enter into a compliance agreement when an inspector determines that the person is aware of this subpart, agrees to comply with its provisions, and agrees to comply with all the provisions contained in the compliance agreement.⁵

(b) Any compliance agreement may be canceled, either orally or in writing, by an inspector whenever the inspector finds that the person who has entered into the compliance agreement has failed to comply with this subpart or the terms of the compliance agreement. If the cancellation is oral, the cancellation and the reasons for the cancellation will be confirmed in writing as promptly as circumstances allow. Any person whose compliance

⁵Compliance agreement forms are available without charge from local Plant Protection and Quarantine offices, which are listed in telephone directories.
